## STRATEGIC DEVELOPMENT GOALS

### Our Mission

To be a beacon of eternal inspiration, to be the wheel within wheels to fulfil the aspirations of students, staff, alumni and the society.

### Our Vision

To be a center of excellence in higher education affordable to common man.

To the noble notion of equality based on human dignity and thus provide the intellectual avenues in higher education, in this remote area with the divine commitment of establishing social equality by removing disparities based on region and caste. We ensure greater participation of minorities and the backward in the mainstream education process.

- To cherish and imbibe minority ethos as our culture itself is 'Unity in Diversity'.
- To instill the students with scientific temper and analytical mind so as to be transformed to knowledgeable, refined human beings, socially committed and patriotic citizens to uphold the various challenges of the world.
- To provide healthy and conducive atmosphere for maximum output in the fields of teaching, learning, research and extension.
- To retain the maternal affection, by monitoring the on-going formation of our alumni, through constant interaction.

## Our Plan for 2010-2025

We have a holistic plan for 2010-2025 so as to make our institution an educational marvel.

### Infrastructure Development

#### A. Academic Infrastructure

##### 1. Enhance number of class rooms:

St Pius X College from its very inception has given much importance to the development of the best infrastructural facilities for curricular and extracurricular activities of its stakeholders. The main college building has 17 spacious rooms. Our dream is to raise the class rooms to 30 in the near future.

##### 2. Expansion of library:

The library has a reading hall and a reference area. Since library is a growing organism our wish is to construct an independent library block.

##### 3 .Library automation:

The library is semi-automated, and it is our long cherished dream is to make it fully automated.

## **4. Separate library building:**

Since library is a growing organism it is our long cherished dream to construct an independent block for library.

## **5. New courses:**

The development of a college is assessed through its number of courses. The college started with 3 degree courses and now it is blessed with two more UG courses and a PG course. It is our desire to increase the course to 10.

## **6. ICT Facilities enhancing smart boards:**

All the teachers are equipped with computer skills to conduct classes by using smart classrooms, power point presentation and internet facilities. It is our aim to train optimum number of teachers to use smart boards.

## **7. High speed internet facility:**

The digital campus presupposes existence of high speed internet access and WIFI facility that would help all the students/faculty to access the same from their laptop and mobile. Our aim is to make this college a digital campus.

## **8. Enhancing the teachers' quality:**

The quality of the education is largely determined by teachers' quality standardization. There are four competencies teachers must possess which are pedagogical, personality,

Kottayam

professional and social competency. The faculties of St Pius X College are trying to pursue four competencies to excel themselves in teaching.

## **9. Improve teachers' publication:**

Frequent research publications by an individual will result in increasing the researcher's credit. It is a desire of each and every teacher of our colleges to publish at least one article every year.

## **10. e-content development:**

e-content includes all kinds of content created and delivered through various electronic media. E-content requires huge amount of creativity. The teachers of our college are trying to pursue e-content to make their classes more creative and interesting.

## **11. Community college:**

A community college is an institution under Indian higher education system that aims at providing job oriented education to students from local communities. Our dream is to start a community college to provide job opportunities to youngsters of nearby places.

## **12. At least three research departments:**

Research is a tool for building knowledge and for facilitating learning. But in due course of time we are planning to establish three research departments (Economics, Microbiology and Physics) of national repute.

## B. Sports Infrastructure

### 1. Sports Infrastructure:

It is our desire to construct an outdoor stadium with an area of 10000 square metres. Playing outside gives students the chance to explore the natural environment and have adventure. It is good to develop students' physical health and self-confidence.

### 2. St. PIUS Academy:

All-round growth and development of a child depend on several factors and one among these is sports. It is our dream to start a sports academy in our campus which will help a student to build a bright career and future.

### 3. Indoor Stadium:

It is a long cherished dream of our management and teachers to have a full-fledged indoor stadium with gallery and flood lights. We hope this dream will materialize with the assistance of UGC and the management.

### 4. Swimming pool:

Swimming pools are a great way to teach students how to swim and to be safe around water. The department of Physical education is assigned to take an initiative to build a swimming pool of international standards.

## C. Other infrastructure

### 1. Construction of Seminar Hall:

Since our college is a centre higher education and learning, there is a need of a seminar hall in the campus for deliberations and discussions.

### 2. Development of Existing roads:

The approach road towards college should be widened and tarred so that students and teachers can drive smoothly.

### 3. Compound wall:

“Better fences make better neighbors” these goes the saying. It is our wish to construct a compound wall to make our college more secure.

### 4. Security and Surveillance:

In order to be more vigilant and maintain discipline to a certain extent these is a need to install CCTV cameras.

### 5. Green initiatives:

It is our ardent desire to plant trees, shrubs and herbs to make our campus ever green.

## **6. Eco friendly campus:**

It is the duty of students and teachers to make pollution free campus.

## **7. Home for Homeless:**

As a part of our community service the students planned to construct a house per year for the homeless struggling to make both ends meet.

## **8. e-literacy dissemination centre:**

We aspire to start an e-literacy dissemination centre in our campus to provide basic knowledge of computer to the members of in and around the society.

## **9. Energy self-sufficiency:**

It is our dream to install solar panels to produce self-sufficient energy.

## **10. Separate auditorium:**

Since an auditorium provides a platform for students to perform variety of academic and cultural programmes, we planned to construct one.

## **11. WiFi Campus:**

The technology is running at a faster rate. In order to make our education more flexible and comprehensive an optical fiber WiFi should be installed in the campus.

## 12. Guest House:

A Need of Guest House is essential in the campus to provide accommodation for those resource persons who come over to college to conduct various programmes.

## 13. Hostels:

Since our college is situated in a remote area, hostel accommodation is essential for students.

## 14. Applying for various UGC Projects:

The main aim of UGC Projects is to promote excellence in research by supporting research programmes of college teachers in various disciplines. We are quite confident that the teachers of St. Pius X College will have at least a single minor/major project in the coming year.
